## Welcome Donation

*Beeld Childrens Fund*

*Lesedi day care*

A special thank you goes out to the Beeld Childrens Fund who donated a whopping R52 400 to Lesedi Day Care. We have already sold the 250 tickets at R30 each for the Beeld/RSG competition. The money we generated will go back into the fund to be redistributed to the benefit of children in need.

Our donation has already been used towards a safer outside play area, now connected to the main entrance, a proper kitchen unit, a roof over the washing area as well as a doorway connection between the inside play area and the washing area.

## Hope for Obrey

*Helplift and Tuks*

*Lesedi Day Care*

Obrey has been a very sickly child since 2014, with constant stomach aches and nose bleeds on a daily basis. He also struggled to breath. His parents took him to the local clinic with no improvement. As Obrey's parents cannot afford specialist treatment, we approached Helplift to assist and today Obrey is a healthy, normal three year old boy!
